PROFILE

I am a motivated full-stack .NET developer with strong experience in ASP.NET Core, Angular, and Blazor, passionate about building clean, scalable, and secure web applications. I enjoy learning new technologies, applying best practices, and solving real-world problems through software. My goal is to continuously improve my skills and contribute to impactful, high-quality projects.

EXPERIENCE

.Net Developer, Dexef  04/2025 – Present

- Developed and maintained an HR Management System using ASP.NET Core, Blazor Server, and DevExpress components following Clean Architecture.
- Implemented CQRS with MediatR and built RESTful APIs to handle core HR operations.
- Built responsive UI components and integrated frontend with backend services using Entity Framework Core for efficient and reliable data management.

SKILLS

Backend: C# , C , C++ ,ASP.NET Core (RESTful APIs , MVC).

Frontend: Angular , Blazor , Javascript, Typescript ,Bootstrap, Tailwind CSS, Html , CSS.

Database/ORM: Sql Server , Entity Framework Core , LINQ (Language Integrated Query).

Programming Concepts: Object-Oriented Programming (OOP), SOLID Principles, Design Patterns.

Tools/API Documentation Tools: Unit Testing , Postman , Swagger.

Version Control: Git , GitHub.

Soft Skills: Communication, Leadership, Time Management, Critical Thinking, Creativity.

PROJECTS

E-Commerce Blazor Application

Developed a modern Blazor Server (.NET 9) web app with interactive UI, secure user authentication (Google, Facebook, Microsoft), product/category management, shopping cart, order processing, and Stripe payment integration. Utilized Radzen UI components, Entity Framework Core with SQL Server, and ASP.NET  Identity for authentication and authorization.

Library Management System

Built a .NET 8 Web API for managing books, users, and borrowing records with JWT authentication, role-based access, and Entity Framework Core. Implemented design patterns like Repository, Unit of Work, and Strategy for maintainability and scalability.

Online-Store

A modern e-commerce web application built with Angular 21. A full-featured online shopping platform that allows customers to browse products, filter by category, search for items, manage a shopping cart, and handle user authentication.

EDUCATION

Bachelor of Electronic Engineering, Menofia University 09/2019 – 07/2024 | Menof,Egypt
Major in Computer Science and Engineering.
Grade: Very Good (GPA: 3.2/4).
